To Whom It May Concern

Letter of Authorisation

Charity Day Golf Event 20th July 2024

This letter confirms that those mentioned above are fundraising for Breast Cancer UK.

Breast Cancer UK aims to **prevent breast cancer** through education, scientific research and influencing policy changes. We promote breast cancer prevention by addressing the disease's lifestyle and environmental causes. Breast Cancer is the most common cancer in the UK – Around 55,000 women and 390 men are diagnosed yearly, and countless more are affected by the disease.

Any help or assistance you can offer them will make a real difference to our work. With your support, we can continue our vital work to reach more people with our breast cancer prevention message. Together, we can help more people avoid facing the heartache of dealing with this terrible disease.

Please feel free to call or email me if you need further authorisation.

Thank you for all your support.

Kind regards

Victoria
